### **“MAKE IT PERSONAL”**

\_\_\_\_\_ their faith by your example.

### **“MOVE THEM OUT”**

\_\_\_\_\_ them in a \_\_\_\_\_ story.

### **MAKE IT PERSONAL**

Living Christ-like is the most effective way show students Jesus and helps you lead most impactfully.

How are some ways you can commit to continue growing in your faith?

*(Join a Life Group, work on your relationships, work on your own spiritual disciplines)*

How comfortable are you sharing your struggles with people other than students?

How can you become more comfortable?

### **MOVE THEM OUT**

How do you move them to have relationships with other Christians?

*(other Leaders, the leaders where they serve, a Christian coach/teacher, etc...)*

How can you move them to be the church right now?

*(Helping them find what they're good at, encouraging them to lead their friends, find ways to serve together, etc...)*

How can you help move them on to what's next

*(Talk to leaders in grades ahead of you and ask what you students have to look forward to, help connect them to adults where they're moving to like college churches, etc...)*
